Systex Corporation and Subsidiaries

Consolidated Financial Statements for the Nine Months Ended September 30, 2021 and 2020 and Independent Auditors' Review Report

INDEPENDENT AUDITORS' REVIEW REPORT

The Board of Directors and Shareholders Systex Corporation

Introduction

We have reviewed the accompanying consolidated balance sheets of Systex Corporation and its subsidiaries (collectively referred to as the "Group") as of September 30, 2021 and 2020, the related consolidated statements of comprehensive income for the three months ended September 30, 2021 and 2020 and for the nine months ended September 30, 2021 and 2020, the consolidated statements of changes in equity and of cash flows for the nine months then ended, and the related notes to the consolidated financial statements, including a summary of significant accounting policies (collectively referred to as the "consolidated financial statements"). Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34 "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

Scope of Review

Except as explained in the following paragraph, we conducted our reviews in accordance with Statement of Auditing Standards No. 65 "Review of Financial Information Performed by the Independent Auditor of the Entity". A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

As disclosed in Note 13 to the consolidated financial statements, the financial statements of some non-significant subsidiaries included in the consolidated financial statements referred to in the first paragraph were not reviewed. As of September 30, 2021 and 2020, combined total assets of these subsidiaries were \$6,016,533 thousand and \$3,897,295 thousand, respectively, representing 22.70% and 18.57%, respectively, of the consolidated total assets, and combined total liabilities of these subsidiaries were \$3,603,375 thousand and \$1,811,546 thousand, respectively, representing 28.20% and 23.69%, respectively, of the consolidated total liabilities. For the three months ended September 30, 2021 and 2020, and for the nine months ended September 30, 2021 and 2020, the amounts of combined total comprehensive income of these subsidiaries were \$194 thousand, \$26,852 thousand, \$128,261 thousand and \$116,289 thousand, respectively, representing 0.09%, 8.15%, 10.90% and 10.82%, respectively, of the consolidated financial statements, as of September 30, 2021 and 2020, and 2020, and \$116,289 thousand, respectively, representing 0.09%, 8.15%, 10.90% and 10.82%, respectively, of the consolidated financial statements, as of September 30, 2021 and 2020, and 2020, the consolidated total comprehensive income. In addition, as disclosed in Note 14 to the consolidated financial statements, as of September 30, 2021 and 2020, investments accounted for using the equity method of the Group were \$1,614,496

thousand and \$608,963 thousand, respectively; for the three months ended September 30, 2021 and 2020 and for the nine months ended September 30, 2021 and 2020, the amounts of the share in total comprehensive (loss) income recognized were \$(69,761) thousand, \$22,914 thousand, \$4,833 thousand and \$42,655 thousand, respectively; such amounts were based on the investees' unreviewed financial statements for the same reporting periods.

Qualified Conclusion

Based on our reviews, except for adjustments, if any, as might have been determined to be necessary had the financial statements of the non-significant subsidiaries and investments accounted for using the equity method as described in the preceding paragraph been reviewed, nothing has come to our attention that caused us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Group as of September 30, 2021 and 2020, its consolidated financial performance for the three months ended September 30, 2021 and 2020, and its consolidated financial performance and its consolidated cash flows for the nine months ended September 30, 2021 and 2020 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34 "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

The engagement partners on the reviews resulting in this independent auditors' review report are Shu-Wan Lin and Cheng-Hung Kuo.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2021 AND 2020 (In Thousands of New Taiwan Dollars, Unless Stated Otherwise) (Reviewed, Not Audited)

1. GENERAL INFORMATION

Systex Corporation (the "Corporation") was incorporated on January 7, 1997 under the provision of the Company Act of the Republic of China and other laws and regulations. The Corporation is mainly engaged in sales and leases of computer software and related equipment, transmission and security of value-added network, maintenance of database, and consultation.

The Corporation's shares had been traded on Emerging Stock Market since April 10, 2002 and Taipei Exchange since January 6, 2003. On December 30, 2010, the Corporation has changed the listing and trading of its shares to the Taiwan Stock Exchange.

The consolidated financial statements of the Corporation and its subsidiaries (collectively referred to as the "Group") are presented in the Corporation's functional currency, the New Taiwan dollar.

2. APPROVAL OF CONSOLIDATED FINANCIAL STATEMENTS

The consolidated financial statements were approved by the Corporation's board of directors on November 2, 2021.

3. APPLICATION OF NEW, AMENDED AND REVISED STANDARDS AND INTERPRETATIONS

a. Initial application of the amendments to the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), Interpretations of IFRS (IFRIC), and Interpretations of IAS (SIC) (collectively, the "IFRSs") endorsed and issued into effect by the Financial Supervisory Commission (FSC)

The initial application of the IFRSs endorsed and issued into effect by the FSC did not have material impact on the Group's accounting policies.

b. The IFRSs endorsed by the FSC for application starting from 2022

New IFRSs	Effective Date Announced by IASB
"Annual Improvements to IFRS Standards 2018-2020"	January 1, 2022 (Note 1)
Amendments to IFRS 3 "Reference to the Conceptual Framework"	January 1, 2022 (Note 2)
Amendments to IAS 16 "Property, Plant and Equipment - Proceeds before Intended Use"	January 1, 2022 (Note 3)
Amendments to IAS 37 "Onerous Contracts - Cost of Fulfilling a Contract"	January 1, 2022 (Note 4)

Note 1: The amendments to IFRS 9 will be applied prospectively to modifications and exchanges of financial liabilities that occur on or after the annual reporting periods beginning on or after January 1, 2022. The amendments to IFRS 1 "First-time Adoptions of IFRSs" will be applied retrospectively for annual reporting periods beginning on or after January 1, 2022.

- Note 2: The amendments are applicable to business combinations for which the acquisition date is on or after the beginning of the annual reporting period beginning on or after January 1, 2022.
- Note 3: The amendments are applicable to property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after January 1, 2021.
- Note 4: The amendments are applicable to contracts for which the entity has not yet fulfilled all its obligations on January 1, 2022.

As of the date the consolidated financial statements were authorized for issue, the Group is continuously assessing the possible impact that the application of other standards and interpretations will have on the Group's financial position and financial performance and will disclose the relevant impact when the assessment is completed.

c. New IFRSs in issue but not yet endorsed and issued into effect by the FSC

New IFRSs	Effective Date Announced by IASB (Note 1)
Amendments to IFRS 10 and IAS 28 "Sale or Contribution of Assets between An Investor and Its Associate or Joint Venture"	To be determined by IASB
IFRS 17 "Insurance Contracts"	January 1, 2023
Amendments to IFRS 17	January 1, 2023
Amendments to IAS 1 "Classification of Liabilities as Current or Non-current"	January 1, 2023
Amendments to IAS 1 "Disclosure of Accounting Policies"	January 1, 2023 (Note 2)
Amendments to IAS 8 "Definition of Accounting Estimates"	January 1, 2023 (Note 3)
Amendments to IAS 12 "Deferred Tax related to Assets and Liabilities arising from a Single Transaction"	January 1, 2023 (Note 4)

- Note 1: Unless stated otherwise, the above New IFRSs are effective for annual reporting periods beginning on or after their respective effective dates.
- Note 2: The amendments will be applied prospectively for annual reporting periods beginning on or after January 1, 2023.
- Note 3: The amendments are applicable to changes in accounting estimates and changes in accounting policies that occur on or after the beginning of the annual reporting period beginning on or after January 1, 2023.
- Note 4: Except for deferred taxes that will be recognized on January 1, 2022 for temporary differences associated with leases and decommissioning obligations, the amendments will be applied prospectively to transactions that occur on or after January 1, 2022.

As of the date the consolidated financial statements were authorized for issue, the Group is continuously assessing the possible impact that the application of other standards and interpretations will have on the Group's financial position and financial performance and will disclose the relevant impact when the assessment is completed.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Statement of compliance

These interim consolidated financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and IAS 34 "Interim Financial Reporting" as endorsed and issued into effect by the FSC. Disclosure information included in these interim consolidated financial statements is less than the disclosure information required in a complete set of annual consolidated financial statements.

b. Basis of preparation

The consolidated financial statements have been prepared on the historical cost basis except for the financial instruments which are measured at fair value and net defined benefit liabilities which are measured at the present value of the defined benefit obligation less the fair value of plan assets.

The fair value measurements are grouped into Levels 1 to 3 based on the degree to which the fair value measurement inputs are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- 1) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities;
- 2) Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- 3) Level 3 inputs are unobservable inputs for the asset or liability.
- c. Basis of consolidation

See Note 13 for the detailed information of subsidiaries (including the percentage of ownership and main business).

d. Other significant accounting policies

Except for the following, please refer to the consolidated financial statements for the year ended December 31, 2020.

1) Retirement benefits

Pension cost for an interim period is calculated on a year-to-date basis by using the actuarially determined pension cost rate at the end of the prior financial year, adjusted for significant market fluctuations since that time and for significant plan amendments, settlements, or other significant one-off events

2) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax. Interim period income taxes are assessed on an annual basis and calculated by applying to an interim period's pre-tax income the tax rate that would be applicable to expected total annual earnings. The effect of a change in tax rate resulting from a change in tax law is recognized consistently with the accounting for the transaction itself which gives rise to the tax consequence, and this is recognized in profit or loss or other comprehensive income in full in the period in which the change in tax rate occurs.

5. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

For the critical accounting judgments and key sources of estimation uncertainty, refer to the consolidated financial statements for the year ended December 31, 2020.

The Group considers the recent development of the COVID-19 in Taiwan and its economic environment implications when making its critical accounting estimates in cash flow projections, growth rate, discount rate, profitability, etc. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised if the revisions affect only that period or in the period of the revisions and future periods if the revisions affect both current and future periods.

8. FINANCIAL ASSETS AT FVTOCI - NON-CURRENT

Investments in Equity Instruments

	September 30, 2021	December 31, 2020	September 30, 2020
Listed shares Unlisted shares Unlisted preferred shares	\$ - 267,275 <u>10,026</u>	\$ 512,962 169,565	\$ 760,643 154,365
	<u>\$ 277,301</u>	<u>\$ 682,527</u>	<u>\$ 915,008</u>

These investments in equity instruments are held for medium- to long-term strategic purposes. Accordingly, the management elected to designate these investments in equity instruments as at FVTOCI as they believe that recognizing short-term fluctuations in these investments' fair value in profit or loss would not be consistent with the Group's strategy of holding these investments for long-term purposes.

For the nine months ended September 30, 2021 and 2020, the Group sold part of investment at fair value because of investment strategy and its related unrealized valuation loss of \$41,319 thousand and \$63,789 thousand, respectively, were transferred from other equity to retained earnings.

In first quarter of 2021, the Group increased its interests in Genesis Technology Inc. (Genesis) and achieved significant influence over Genesis; therefore, investment in Genesis was reclassified from financial assets at FVTOCI to investments accounted for using the equity method in the amount of \$664,687 thousand, and its related unrealized valuation gain of \$62,443 thousand was transferred from other equity to retained earnings.

9. FINANCIAL ASSETS AT AMORTIZED COST - NON-CURRENT

10. CREDIT RISK MANAGEMENT FOR INVESTMENTS IN DEBT INSTRUMENTS

Investments in debt instruments were classified as at amortized cost.

	September 30,	December 31,	September 30,
	2021	2020	2020
Gross carrying amount	\$ 500,000	\$ 500,000	\$ 500,000
Less: Allowance for impairment loss			
Amortized cost	<u>\$ 500,000</u>	<u>\$ 500,000</u>	<u>\$ 500,000</u>

The Group's exposure and the external credit ratings are continuously monitored. The Group reviews changes in bond yields and other public information and makes an assessment whether there has been a significant increase in credit risk since the last period to the reporting date.

The Group considers the historical default rates of each credit rating supplied by external rating agencies, the current financial condition of debtors, and industry forecast to estimate 12-month or lifetime expected credit losses. The Group's current credit risk grading framework comprises the following categories:

		Basis for Recognizing		Gro	ss Carrying Amou	nt at
Category	Description	Expected Credit Losses	Expected Loss Rate	September 30, 2021	December 31, 2020	September 30, 2020
Performing	The counterparty has a low risk of default and a strong capacity to meet contractual cash flows	12m ECL	0%	\$ 500,000	\$ 500,000	\$ 500,000

Less: Unrealized interest income	(804)		(29)
	<u>\$ 13,993</u>	<u>\$ 7,964</u>	<u>\$ 7,880</u>

The average credit period of receivables was 60 to 90 days. The Group delegated a department responsible for managing receivables, establishing credit limits, credit approvals and other monitoring procedures to ensure the profitability of the Group.

The Group applies the simplified approach to providing for expected credit losses prescribed by IFRS 9, which permits the use of lifetime expected loss provision for all receivables. The expected credit losses on receivables are estimated using a provision matrix by reference to past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for general economic conditions of the industry in which the debtors operate. As the Group's historical credit loss experience does not show significantly different loss patterns for different customer segments, the provision for loss allowance based on past due status is not further distinguished according to the Group's different customer base.

The Group writes off a receivable when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery. For receivables that have been written off, the Group continues to engage in enforcement activity to attempt to recover the receivables due. Where recoveries are made, these are recognized in profit or loss.

The following table details the loss allowance of receivables based on the Group's provision matrix.

The above items of property, plant and equipment are depreciated on a straight-line basis over the estimated useful lives as follows:

Buildings	19-60 years
Computer equipment and other equipment	3-7 years
Transportation equipment	5-6 years
Lease equipment	2-5 years
Leasehold improvements	2-5 years

As described in Note 13, TEDP, subsidiary of the Group, was dissolved in December 2020 by the resolution of the shareholders' meeting. Since TEDP intends to dispose of its land and buildings, those land and buildings were reclassified as non-current assets held for sale, and were presented separately in the Group's consolidated balance sheets. The proceeds from disposal were expected to exceed the carrying amount of the related net assets and, accordingly, no impairment losses was recognized in the Group's consolidated statements of comprehensive income.

Property, plant and equipment pledged as collateral for bank borrowings are set out in Note 30.

- 1) Such capital surplus may be used to offset a deficit; in addition, when the Corporation has no deficit, such capital surplus may be distributed as cash dividends or transferred to share capital (limited to a certain percentage of the Corporation's capital surplus and once a year).
- 2) Such capital surplus arises from the effect of changes in ownership interest in subsidiary resulted from equity transactions other than actual disposal on acquisition, or from changes in capital surplus of investees accounted for using the equity method.
- c. Retained earnings and dividends policy

The shareholders of the Corporation held their regular meeting on June 18, 2020 and in that meeting, resolved the amendments to the Corporation's Articles of Incorporation (the "Articles"). Under the dividends policy as set forth in the amended Articles, where the Corporation made a profit in a fiscal year, the profit shall be first utilized for paying taxes, offsetting losses of previous years, setting aside as legal reserve 10% of the remaining profit, setting aside or reversing a special reserve in accordance with the laws and regulations, and then any remaining profit together with any undistributed retained earnings shall be used by the Corporation's board of directors as the basis for proposing a distribution plan, which should be resolved in the shareholders' meeting for the distribution of dividends and bonuses to shareholders, except that the board of directors is authorized to adopt a special resolution to distribute dividends and bonuses in cash and a report of such distribution should be submitted in the shareholders' meeting.

Under the dividend policy as set forth in the Articles before the amendments, where the Corporation made profit in a fiscal year, the profit shall be first utilized for paying taxes, offsetting losses of previous years, setting aside as legal reserve 10% of the remaining profit, setting aside or reversing a special reserve in accordance with the laws and regulations, and then any remaining profit together with any undistributed retained earnings shall be used by the Corporation's board of directors as the basis for proposing a distribution plan, which should be resolved in the shareholders' meeting for distribution of dividends to shareholders.

For the policies on distribution of compensation of employees and remuneration of directors, please refer to Note 22 c. for details.

For the goal of sustainable operation and development, the Corporation considers the overall environment and the nature of industry growth along with the long-term financial planning, and applies the dividend policy for residual earnings. The Corporation evaluates the annual funding requirements according to its future capital budget and retains the required fund from the earnings, and distributes the residual earnings as follows:

- 1) Determine the optimal capital budget.
- 2) Determine the funding requirements to meet the optimal capital budget.
- 3) Determine the funding requirements to be met by unappropriated earnings (the remaining may be met through capital increase by cash or issuance of bonds).
- 4) The residual earnings, less an appropriate portion for the operation requirements, may be distributed to shareholders.

The Corporation's dividends may be distributed in cash or shares. The distribution of profits shall be made preferably by way of cash dividends. The distribution could also be made by way of stock dividends, which should not exceed 50% of the total distributed earnings in principle. In addition, dividend policy depends on criteria such as the Corporation's current and future investment environment, cash requirements, domestic and international competition, capital budget, etc. Further, the Corporation also takes into consideration shareholders' interests, balances of dividends and its long-term financial goals. Annually, the board of directors prepares a proposal on earnings appropriation for approval at the shareholders' meeting.

For the distribution of dividends, if the distribution is in cash, the board of directors shall be authorized to resolve the proposal by the vote of at least half of the directors present, provided the number of directors present shall be at least two-thirds of the entire board of directors, and report the distribution to the shareholders' meeting. The Corporation may distribute all or part of the reserve in accordance with laws or the regulations of the competent authority. If it is distributed in cash, the Company authorizes the board of directors to make resolutions in accordance with Article 241 of the Company Act and report to the shareholders' meeting.

Appropriation of earnings to legal reserve shall be made until the legal reserve equals the Corporation's paid-in capital. Legal reserve may be used to offset deficits. If the Corporation has no deficit and the legal reserve has exceeded 25% of the Corporation's paid-in capital, the excess may be transferred to capital or distributed in cash.

Under the local regulations, an amount equals to the net debit balance of total other equity items shall be appropriated as a special reserve. The special reserve may be reversed to the extent of the decrease in the net debit balance. If the Corporation's shares are held by its subsidiaries at the end of the year and the market value of the shares held are lower than their carrying amounts, the Corporation should appropriate a special reserve equal to the difference between the carrying amounts and market value multiplied by its percentages of ownership in the subsidiaries. The special reserve can be reversed in proportion to the percentages of ownership in the subsidiaries when the market value of the shares increased.

The appropriations of earnings for 2020 and 2019 that had been resolved by the shareholders in their meetings on August 27, 2021 and June 18, 2020, respectively, were as follows:

The applicable tax rate used by subsidiaries in China is 25%. SCGI and KIMO are exempt from income tax under their local government regulations. Tax rates used by other group entities operating in other jurisdictions are based on the tax laws in those jurisdictions.

In July 2019, the president of the ROC announced the amendments to the Statute for Industrial Innovation, which stipulate that the amounts of unappropriated earnings in 2018 and thereafter that are reinvested in the construction or purchase of certain assets or technologies are allowed as deduction when computing the income tax on unappropriated earnings. When calculating the tax on unappropriated earnings, the Group only deducts the amount of the unappropriated earnings that has been reinvested in capital expenditure.

In addition, in accordance with Rule No. 10904558730 issued by the Ministry of Finance of Taiwan, the Group has deducted the amount of dividends distributed in 2020 attributable to the increase in the beginning retained earnings for 2018 as a result of initial adoption of IFRS 9 when calculating the tax on unappropriated earnings for 2018.

b. Income tax assessments

Income tax returns through 2018 and undistributed earnings through 2017 of the Corporation, Ching Pu, Syspower, Syscore and Dawning; income tax returns through 2019 and undistributed earnings through 2018 of SSSC, Taifon, Nexsys, Hanmore, Soft Mobile, CSMC, Systex Solution, Top Information, GBC, Naturint, E-service, TIST, Syswiser, Syslink and Smartsys; income tax returns through 2020 and undistributed earnings through 2019 of TEDP and Etu have been assessed by the tax authorities.

c. As described in Note 13i, the Group subscribed to new shares issued by RTIHK at a percentage different from its original ownership in August 2021 and decreased its interest in RTIHK from 100% to 85%; therefore, the Group recognized a \$378 thousand increase in capital surplus-changes in percentage of ownership interest in subsidiaries.

The Group then disposed of a 36% interest in RTIHK and decreased its interest in RTIHK from 85% to 49%. The above transactions were accounted for as equity transactions, since the Group did not cease to have control over the subsidiary.

27. CAPITAL MANAGEMENT

The capital structure of the Group consists of debt and equity of the Group (comprising issued capital, legal reserve, retained earnings and other equity).

Key management personnel of the Corporation review the capital structure on a periodic basis. As part of this review, the Corporation considers the cost of capital and the risks associated with each class of capital. In order to balance the overall capital structure, the Corporation may adjust the amount of dividends paid to shareholders, the number of new shares issued or repurchased, and the amount of new debt issued or existing debt redeemed.

28. FINANCIAL INSTRUMENTS

a. Fair value of financial instruments that are not measured at fair value

The management considers that the carrying amounts of financial assets and financial liabilities recognized in the consolidated financial statements approximate their fair values.

c.

Financial liabilities

The Group's main target of financial risk management is to manage the market risk related to operating activity (including foreign currency risk, interest rate risk and other price risk), credit risk and liquidity risk. To reduce the potential and detrimental influence of the fluctuations in market on the Group's financial performance, the Group endeavors to identify, estimate and hedge the uncertainties of the market.

The Group's significant financial activity is reviewed and approved by the board of directors and audit committee in compliance with related regulations and internal control policy, and the authority and responsibility are delegated according to the operating procedures.

1) Market risk

a) Foreign currency risk

The Group has foreign currency sales, purchases and borrowings, which were exposed to foreign currency risk. The Group designated a department to monitor exchange rate fluctuations in timely manner and change foreign currency position to control and mitigate such risks as soon as possible.

The sensitivity analysis focused on outstanding foreign currency denominated monetary assets and monetary liabilities (mainly USD and RMB) at the end of the reporting period. A positive number below indicates an increase/decrease in pre-tax net income associated with New Taiwan dollars strengthening/weakening 5% against the relevant currency.

		Months Ended mber 30
	2021	2020
Increase/decrease	\$ 106,937	\$ 76,436

b) Interest rate risk

The carrying amounts of the Group's financial assets and financial liabilities with exposure to interest rates at the end of the reporting period were as follows.

	September 30, 2021	December 31, 2020	September 30, 2020
Fair value interest rate risk Financial assets Financial liabilities	\$ 842,059 5,461,449	\$ 1,032,035 1,053,083	\$ 1,015,157 1,237,337
Cash flow interest rate risk Financial assets	3,833,746	3,386,117	2,574,727
Financial liabilities	94,931	107,189	100,042

The Group acquires better interest rate through long-term cooperation with banks; therefore, the effect of interest rate fluctuations is immaterial.

The sensitivity analyses below were determined based on financial assets and financial liabilities with floating interest rates at the end of reporting period. If interest rates had been 10 basis points (0.1%) higher/lower, the Group's pre-tax net income effect would have been as follows:

	For the Nine M Septem	
	2021	2020
Increase/decrease	\$ 2,804	\$ 1,856

c) Other price risk

The Group was exposed to price risk through its investments in listed shares, corporate bonds and mutual funds. The Group established a real-time control system for the price risk, and management does not anticipate any material loss due to this risk.

The sensitivity analyses of the above investment were determined based on financial assets which were measured at fair value at the end of reporting period. If market prices had been 5% higher/lower, the effects on the Group's pre-tax net income and other comprehensive income would have been as follows:

	For the Nine Months Ended September 30		
	2021	2020	
Pre-tax net income Increase/decrease	\$ 317,681	\$ 205,443	
Other comprehensive income Increase/decrease	13,865	45,750	

2) Credit risk

Credit risk represents the potential loss that would be incurred by the Group if the counterparties breached contracts. Generally, the maximum exposures to credit risk for financial assets at the balance sheet date are their carrying amounts.

Since the counterparties are creditworthy financial institutions and enterprises and the concentration of credit risk is not significant, the credit risk is anticipated to be immaterial.

3) Liquidity risk

The Group puts in place inventory management system, procedures for collections and payments, and develops cash flow forecast to ensure the liquidity of operating capital. In addition, the Group invests idle funds in short-term investments under consideration of liquidity, security and profitability. The Group also maintains banking facilities to ensure the liquidity of cash.

The Group has sufficient working capital to meet the cash needs for their operations. Thus, no material liquidity risk is anticipated.

In addition, the Group's investments in mutual funds and listed shares are traded in active markets and can readily be sold in the market at their approximate fair values. However, the Group also invested in unlisted stocks, subordinate debenture bonds and convertible bonds with significant liquidity risks because these assets do not have quoted market prices in an active market.

- c. The Group provided endorsements for others in Table 2.
- d. The Group issues gift certificates and gift cards. For the handling of advance receipts from customers for sold gift certificates and gift cards, the Group entered into a trust agreement with E.SUN Commercial Bank according to the "Provision to be Included in Standard Form Contract of All Sorts of Gift Certificates of Retail Companies" issued by the Ministry of Economic Affairs. According to the trust agreement, the Group opened a trust account in E.SUN Commercial Bank. Advance receipts from customers for sold gift certificates are deposited in the trust account and amounts for services already provided to customers are paid to the Group on a monthly basis. The balance in the trust account should be not lower than the amount of outstanding gift certificates and gift cards. As of September 30, 2021, the Group's assets in the trust account amounted to \$42,921 thousand (included in other financial assets).

32. OTHER ITEMS

Due to the impact of the COVID-19 pandemic which has evolved globally and currently in Taiwan, some of the Group's subsidiaries, clients and suppliers in certain locations are subject to quarantine and traveling restriction policies. The Group has considered the overall operating and financial impacts to be immaterial. There is no doubt on the Group's ability to continue as a going concern, and there is no impairment of assets or financing risk recognized.

33. EXCHANGE RATE OF FINANCIAL ASSETS AND LIABILITIES DENOMINATED IN FOREIGN CURRENCIES

It is impractical to disclose net foreign exchange gains by each significant foreign currency due to the variety of the foreign currency transactions and functional currencies of the Group entities.

34. SEGMENT INFORMATION

Information reported to the chief operating decision maker for the purpose of resource allocation and assessment of segment performance focuses on financial information. The Group's reportable segments were as follows:

Financial business integration provides financial technologies and develops smart finance, centered on FinTech, to assist financial customers (mainly engaged in large-scale financial customers) in digital transformation, including transformation services in mobile applications, integration services for investor and wealth management upgrade services.

Customer market integration mainly focus on new retail, provides full-channel and full payment services, and assists customers, especially digital e-commerce customer, in operating O2O business to realize digital transformation.

Data Technology integration provides comprehensive Data Technology product portfolio and solution to drive business intelligence growth of customers, acts as the Data Enabler for customers and actively introduces domestic and foreign leading digital technology to provide solution to customer in digital transformation.

The business software integration service mainly provides sales of various domestic and foreign original software and hardware, learning cloud-related technologies and applications, and provides a variety of IT integration services and comprehensive IT ecosystem information services.

China Group, in the way of alliance with local suppliers, expands self-employed business, develops independent products, provides system integration and value-added services, and provides commercial software and cloud platform tools in China.

Investment department engages in investment activities.

The chief operating decision-maker of the Group divided the domestic information service business into four operating segments according to industry level and customer's service requirements and has taken China Group as a reportable segment due to regional specialties. In addition, the financial investment business is considered as an investment department that should be reported separately. Financial business integration included domestic departments which provide a cross-border financial transaction cloud, APP and customized development, community services for investors, and ITDM services of securities or futures trading in Greater China. Customer market integration included domestic departments which provide government official website, service platform, and e-commerce platform. Digital ecosystem integration included domestic departments which provide big data platform and value-added innovation, commercial software, cloud value-added services, Cyber-security, IT development training courses, and book publishing into a reportable department. The commercial software service integration mainly categorizes the domestic departments which provide commercial software, technology value-added services of Microsoft product, cloud construction and application, and Mobile APP development into a reportable department.
